# AgIN integration

## Claas connect

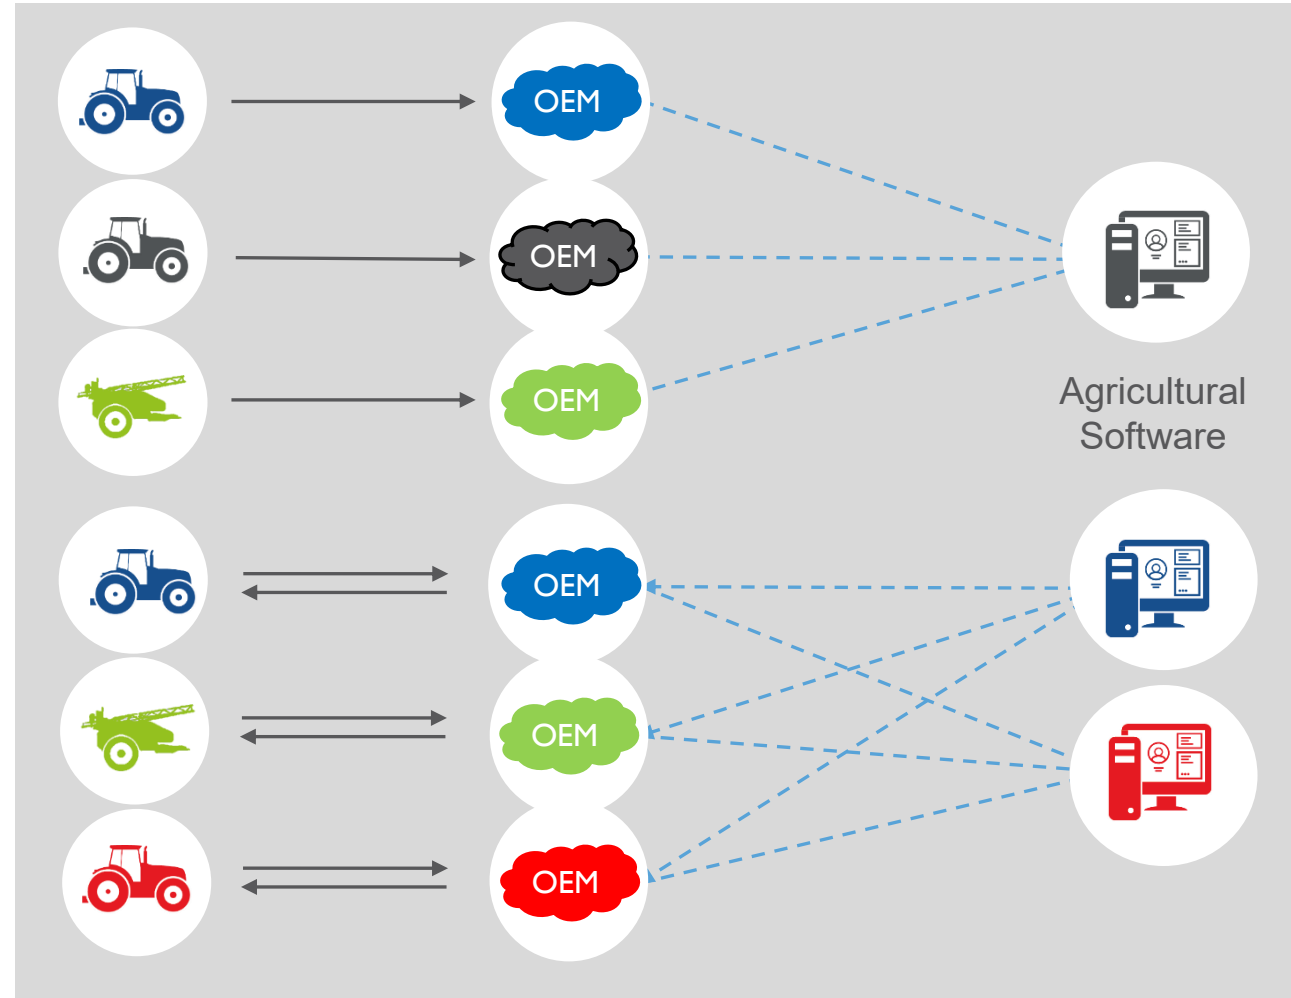

Mixed Fleet with Fendt Workgroup

## AgIN Business model starting January 2026

- **All** companies using AgIN pay a one-time fee & annual maintenance fee
  - Independent of the connection (direct or indirect)
- Differentiation between
  - **Agricultural Industry and food companies**
    - A company in the agriculture and food industry
  - **Software platform companies**
    - No machines, no inputs (seed, chemicals etc.), no electronics or GPS equipment
    - Provide services to support decision making and improve efficiency in farming operation
- AgIN is open for Non-AEF companies
- Annual maintenance starting 2<sup>nd</sup> year

## What comes next?

- Machine Tracking
- Online Task-Management
  - Work Order
  - Word Record / Documentention

# Common European Agricultural Data Space (CEADS)

- 36 partners in 15 EU countries
- Funded by EU and BMLEH/BLE
- Connect different DSIs like AgIN in a data space using federated services
- AEF to establish Ag industry interface
- Working on first trial connecting AgIN with platform of Josephinum in Austria
